

RASHMIKA GAMAGE

Aspiring Full-Stack Developer | DevOps Engineer | Data Analytics

BSc (Honours) in Software Engineering Undergraduate

Homagama, Sri Lanka | +94728824504 | [E-mail](#) | [linkedin](#) | [Portfolio](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Software Engineering undergraduate at NSBM Green University with a strong interest in DevOps Engineer, UI/UX Design, and Full-Stack Development. Skilled in React, JavaScript, Tailwind CSS, Node.js, Java, and MySQL, with hands-on experience developing responsive web applications and user-focused digital solutions. Experienced in academic and personal projects, including real-time web systems and UI/UX redesigns. Passionate about building modern, accessible, and impactful software while continuously expanding technical and problem-solving skills.

TECHNICAL SKILLS

- **Frontend Development:** React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Responsive Web Design, Framer Motion
- **Backend Development:** Node.js, Express.js, Java, Spring Boot, REST APIs
- **Databases:** MySQL, SQL, Database Design & Management
- **DevOps & Cloud:** Git, GitHub, GitHub Actions, CI/CD Fundamentals, Docker, Vercel, Firebase, Cloud Deployment Fundamentals
- **UI/UX & Design:** Figma, UI/UX Design, Prototyping, Responsive Design, User-Centered Design
- **Programming & Frameworks:** Flutter (Dart), React.js, Node.js, Express.js, Python, Git & GitHub
- **Cloud & Platforms:** Firebase, Google Maps API, Gemini AI, Socket.io

PROJECTS

Personal Portfolio Website | Frontend Developer

- Designed and developed a modern personal portfolio using React.js, Vite, Tailwind CSS, and Framer Motion.
- Implemented responsive layouts, interactive animations, custom cursor effects, and modern UI components.
- Deployed the website using Vercel and managed source code and version control through GitHub.

Hospital Management System | Full-Stack Database Project

- Built a full-stack Hospital Management System using React.js, Node.js, Express.js, and MySQL, designing a 24-table normalized relational database.
- Implemented advanced SQL features (triggers, views, functions, stored procedures), role-based authentication, appointment scheduling, inventory management, and BI reporting modules.
- Facilitated regular meetings with key stakeholders to define project requirements, ensuring the final solution aligned with operational needs and user expectations.

Auction Web System | Frontend Developer

- Developed a modern shoe auction platform frontend using React.js, Vite, and Tailwind CSS, focusing on responsive UI and user experience.
- Implemented interactive auction components, product browsing, seller registration, bidding interfaces, and reusable React components.
- Integrated mock API functionality using JSON Server to simulate auction, bid, and user data for realistic frontend interactions.

ETA Sri Lanka Website Redesign | UI/UX Designer

- Redesigned the ETA Sri Lanka website interface in Figma with a focus on modern visual design, usability, navigation, and responsive layouts.
- Created wireframes, user interface designs, and prototypes to improve the overall digital experience.
- Applied user-centered design principles to create a cleaner and more accessible website structure.

CERTIFICATIONS

- **Advanced Diploma in Modern Application Development**
Alison Online Learning Platform - Completed certification in modern application development fundamentals and web technologies
- **Quality Assurance (QA)**
Techniques and Methodologies Alison Online Learning Platform(2026) - Completed training in Quality Assurance principles, software testing methodologies, Quality Control (QC), and QA processes.
- **Power BI Workshop** — NSBM Green University. Developed skills in data analytics, data visualization, and business intelligence dashboards using Microsoft Power BI.
- **Gitzen 1.0 – Technical Session** — NSBM Green University. Hands-on experience with GitHub version control workflows and foundational Python programming.

EDUCATION

- **BSc (Hons) in Software Engineering**
NSBM Green University | Expected Graduation: 2027
- **G.C.E. Advanced Level — Technology Stream**
Batemulla National School, Imaduwa | 2021 | ET (C), SFT (C), ICT (C)

LEADERSHIP & ACTIVITIES

- **Assistant Project Director - ICCE Club, NSBM Green University (2025–Present)**
 - Support project planning and coordination for club initiatives, contributing to content and event promotion to strengthen member engagement and participation.
 - Collaborate with the project team to plan communications and promotional activities, helping increase visibility of club events and initiatives.
- **Committee Member**
 - **Buddhist Society NSBM University(2024)**
Collaborated with other societies to ensure successful execution and participation
 - **Volunteer Club(2024)**
Event Organize Team - Organized and coordinated the orientation programme and welcoming new students and promoting teamwork

WORK EXPERIENCE

- **HUB Supervisor – DARAZ**
 - Supervised daily hub operations and staff activities. Monitored shipment processing and delivery schedules. Ensured accurate order handling and operational efficiency.

LANGUAGES

- English (Fluent)
- Sinhala (Fluent)

SOFT SKILLS

- Analytical Thinking
- Problem Solving
- Communication
- Teamwork & Collaboration
- Leadership
- Time Management
- Adaptability
